

**TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE**

FISCAL NOTE

HB 552 - SB 1354

February 27, 2009

SUMMARY OF BILL: Requires cities in which a special school district is located and whose boundaries are coterminous with the city's boundaries to maintain city funding for regular K-12 education in accordance with the BEP maintenance of effort (MOE) law and prohibits such cities from directly or indirectly supplanting its portion of funding for regular K-12 education with state BEP money. Incorporates the use of an inflationary factor known as the government price deflator (GPD) into the calculation of such districts' MOE tests.

ESTIMATED FISCAL IMPACT:

Increase Local Expenditures - \$9,458,700*

Assumptions:

- The Memphis City School district will be the sole local education agency (LEA) affected by this bill. In the 2008-09 budget, the city of Memphis reduced funding to Memphis City Schools by approximately \$65,000,000. This bill will prohibit future cuts by the municipality and is an addition to the existing MOE law.
- Currently, the government price deflator (GPD) is incorporated into the overall BEP formula but is not used to determine the individual LEA required match rate for the purposes of the MOE test.
- The GPD is issued by the University of Tennessee's Center for Business and Economic Research and is currently 2.09 percent.
- The 2008-09 budget for Memphis City Schools is \$452,570,570. Using the GDP inflation rate of 2.09 will increase local government expenditures for the Memphis City School district by approximately \$9,458,725 (\$452,570,570 x 2.09%).
- MOE for other LEAs will not increase.

HB 552 - SB 1354

**Article II, Section 24 of the Tennessee Constitution provides that: no law of general application shall impose increased expenditure requirements on cities or counties unless the General Assembly shall provide that the state share in the cost.*
